**Makes Normal Course Issuer Bid**

MISSISSAUGA, ONTARIO, 2002 August 9 – DuPont Canada announced today that its Notice of Intention to make a Common Share Issuer Bid has been accepted by the Toronto Stock Exchange. DuPont Canada intends to purchase up to 2,000,000 (or approximately 0.7 per cent) of its 279,024,849 issued and outstanding Class A Common Shares, Series 1.

Purchase of DuPont Canada Common Shares will be made through the facilities of the Toronto Stock Exchange and may begin as of August 16, 2002, and end no later than August 15, 2003, or on such dates upon which DuPont Canada has either acquired the maximum number of Common Shares specified above, or otherwise determines not to make any further purchases. During the twelve months beginning August 10, 2001, DuPont Canada purchased 1,349,180 shares on the open market through the Toronto Stock Exchange at an average price of \$24.01 per share pursuant to a Normal Course Issuer Bid.

Purchase and payment for the Common Shares will be made by DuPont Canada in accordance with the Policies and Rules of the Toronto Stock Exchange. The price which DuPont Canada will pay for the Common Shares acquired by it will be the market price of the Common Shares at the time of acquisition. All shares acquired will be cancelled.

DuPont Canada's purchase of the Common Shares will prevent dilution of shareholders' position as a result of shares being issued under its share-related employee compensation plans.

News from DuPont Canada Inc.

DuPont Canada Inc. is a diversified science company serving customers across Canada and in more than 40 other countries. Headquartered in Mississauga, the company serves global markets through a number of subsidiaries in Canada, the United States, Mexico, France, the United Kingdom and India. The company has 4,000 employees. For more information about DuPont Canada, please visit the company's website at <http://www.dupont.ca>.

**Forward-Looking Statements:** This release contains forward-looking statements based on management's current expectations, estimates and projections. All statements that address expectations or projections about the future, including statements about the company's strategy for growth, product development, market position, expected expenditures and financial results are forward-looking statements. Some of the forward-looking statements may be identified by words like "expects," "anticipates," "plans," "intends," "projects," "indicates," and similar expressions. These statements are not guarantees of future performance and involve a number of risks, uncertainties and assumptions. Many factors, including those discussed more fully elsewhere in this release and in documents which may be filed with the Ontario Securities Commission and/or the Toronto Stock Exchange, as well as others, could cause results to differ materially from those stated. These factors include, but are not limited to changes in the laws, regulations, policies and economic conditions, including inflation, interest and foreign currency exchange rates, of countries in which the company does business; competitive pressures; successful integration of structural changes, including restructuring plans, acquisitions, divestitures and alliances; cost of raw materials, research and development of new products, including regulatory approval and market acceptance; and seasonality of sales of agricultural products.
